CATALOG YEAR ASSIGNMENT

A student's academic program[1] requirements are defined by the student's catalog year assignment.

Students are assigned to the catalog that is current at the time of their initial enrollment at LAPU.

Students are reassigned to the catalog that is current at the time of any subsequent readmission to LAPU.

Students may also request to be voluntarily reassigned to the current catalog year by submitting a General Petition. Students are encouraged to confer with their success coach in order to understand the full implications of a voluntary catalog year reassignment before submitting a General Petition.

Students who change their major are reassigned to the catalog that is current at the time they begin their new major.

Changes to catalog year assignments due to readmission, voluntary reassignment, or change of major are not reversible.
