

# DEGREE POSTING DATES

---

The university confers degrees 12 times each year, regardless of the specific date on which final work is completed. All degree requirements must be met prior to the conferral date; processing will be complete within four weeks of receiving the final grade. The degree conferral dates are at the end of each session or term. If all financial (<https://catalog.lapu.edu/ascend-grad/financial/#paymentandrefundstext>) obligations to the university are met and an Intent to Graduate (<https://catalog.lapu.edu/ascend-grad/policy/intent/>) form has been submitted, diplomas will be delivered to the student's address on file in approximately 8-10 weeks.
